

Who is Talaria?

At Talaria, we've been helping people and communities enjoy a more certain financial future for nearly 20 years. As one of Australia's fastest growing investment managers, with over \$2.5bn in funds under management, we are now looking for a new research analyst with ideally 7-10 years' experience to join our investment team.

Who we're looking for?

Whatever your academic background be it in Humanities, Arts, Sciences, Mathematics, or Engineering, and your prior experience, whether in buy-side, sell-side or investment banking, we are interested in your unique perspective, problem-solving skills and intellect.

That said you do need to have worked in equity research in some capacity before.

We are seeking individuals who have the following qualities:

- A curious and inquisitive mind
- An aptitude for fast learning
- A strong work ethic
- Exceptional communication and presentation skills
- A team player

To excel in this role, you should feel comfortable analysing large volumes of information and presenting your findings to your colleagues in the investment team as well as across the firm.

The opportunity

As an Analyst you will be an integral part of our investment team, actively contributing to all aspects of the research process via your analytical capabilities, curiosity and commitment to a lifetime of learning.

At the heart of what we do is a commitment to coming up with the right answers for our clients rather than defending a position. To this end all Analysts operate as generalists, seeking out the best opportunities from around the world.

As part of a forward-thinking organisation with an international mindset, from day one, you will have the opportunity to contribute to exciting cross-functional projects spanning our business services and sales & distribution teams. This dynamic environment will expose you to diverse challenges and foster your professional development.

Next Steps

At Talaria Capital, we value an inclusive and diverse workplace, where individuals from all backgrounds and experiences are welcome to join our team and contribute to our continued growth and success.

Together, let's help people and communities enjoy a more certain financial future.

If this sounds like you, and you think you share our values and ambitions, and are eager to make the most of a career in funds management then apply now!

To submit your application, please visit <https://www.talariacapital.com.au/investment-analyst-application/>

Applications will close 14th of March 2025 with only successful candidates being contacted.

Please note that an immediate start in our Melbourne CBD offices is required. This opportunity is only open to Australian Citizens and Permanent Residents who have full working rights in Australia.
